ADMISSION

The International Trade and Finance Department is a four-year (eight-semester) bachelor's program. The placement of students in the program is conducted by the Assessment, Selection, and Placement Centre (OSYM). For foreign students, placement is determined after verifying the equivalence of their high school degrees and meeting other requirements specified in the higher education legislation, OSTIM Technical University regulations, and other relevant legislation. When necessary, OSTIM Technical University will establish its own selection and placement system for foreign students within the framework of the current legislation.

To be admitted to the department, students must fulfill the following requirements:

1. Complete the obligations related to tuition fees.
2. Not have any barriers in obtaining a student visa.
3. Submit the required documents to the university within the specified deadline.
